EPSON®
EXCEED YOUR VISION

Epson Stylus Pro 3800

A compact, high performance professional A2+ desktop printer

Bring quality, reliability and value to photography, fine art and proofing with the ultimate professional A2+ desktop printer. It has the smallest footprint on the market and provides high performance thanks to the unique Epson UltraChrome™ K3 8-colour ink system.

No-compromise quality, versatility and value

Experience the ultimate in professional black & white and colour printing. With its unique 8-colour Epson UltraChrome™ K3 ink system, this printer produces the finest quality results. It's perfect for professional quality printing for all types of photography, fine art and proofing.

This true A2+/17" printer keeps costs low and produces consistent, reliable results that last. Besides that it has the smallest footprint in its class, so you can have more space on your desktop.

Superb reproduction is guaranteed with a perfectly balanced grey scale, a very wide colour gamut and smooth tonal gradations. The printer changes automatically between matte and photo black inks depending on which paper type you chose. High capacity individual 80ml ink cartridges ensure a high level of productivity, with reliable overnight printing.

You also get added flexibility from three paper paths that handle a range of media, including rigid media up to 1.5mm thickness.

Setting new standards in professional printing

- The ultimate professional colour and black & white printer
- Produce superb results with 8-colour Epson UltraChrome™ K3 ink system
- True desktop printer – the smallest footprint in its class
- Bring quality, reliability and consistency to photography, fine art and proofing
- Reproduce colour up to contract proof quality
- The printer is supported by all major RIP vendors to ensure compatibility and productivity
- Print via three cut sheet paper paths, and on media up to 1.5mm thick
